Scholarships are available for U.S. secondary school counselors from schools with at least 25% of enrollment participating in the federal school lunch programs. We also invite CBO counselors supporting a similar student population to apply.

Scholarship awards generally cover tuition costs and meals with the exception of Monday lunch, and Tuesday and Wednesday evenings which are free evenings for participants. In some instances, scholarship awards may cover both tuition and hotel accommodations.

Awards are based on the appropriateness of the educational opportunity related to the applicant’s role, financial need, letter of recommendation, and other supporting documentation.

The deadline to submit an application is April 1, 2019. Award decisions will be announced by May 1, 2019.
